MEMORANDUM FOR: Executive Director - Comptroller

With reference to your memorandum dated 9 September 1965 regarding action items assigned by the Director at the 9:00 a.m. meeting, attached you will find a copy of those actions apparently assigned to SAVA, with appropriate comments beside each item. For those items which I have numbered on the right-hand side, the comments appear below, similarly numbered:

1. This is a continuing task, with no fixed time of completion.

2. Having only obtained a properly-qualified officer last week, work on the  used in the DRV will begin now.

3. Same as 2.

4. There is no "proposed new series" of interrogation reports. Probably this refers to the effort to upgrade the content of PW interrogation reports, in which case see item 1.

5. Was not aware that this requirement had been placed on me. Would appreciate seeing pertinent notes for clarification.

6. Not accomplished. Will take this up with General Carroll on my next visit to DIA.

Assignments, 7 July - 27 August 1965

1. This memorandum is for the Executive Director's information and responds to his memorandum of 9 September.

3. The Director's requests of 20 and 31 August with regard to the next planning meeting with Eugene Black will be met by OCI and the Vietnam Affairs Staff. Mr. Cline wishes to suggest modifications to the Director's 24 August request for a weekly memorandum reviewing the world situation, and will do so within the next few days.

4. With regard to the 3 August request for a roundup of various aspects of U.S. planning on Vietnam, it is our understanding that this charge was subsequently modified and that Peer de Silva has since been pursuing numerous contacts around the community to produce the information desired by the Director. The Southeast Asia planning conferences with [redacted] were also developed in pursuit of this objective.

e. It is our opinion in DDP that the allegation of  
Agency ostentatiousness abroad is, in general,  
groundless, especially since over the past several  
years there has been a general tightening up in  
representation, [Redacted] official cars,  
housing, and the like. Nevertheless, this matter  
is being specifically introduced into the Chiefs
